Want to know Where the Locals Eat? He leads you there, too! Where to Stay? At the end of the day relax by a campfire at one of our state parks, cozy up in a tiny cabin or stay at a friendly bed and breakfast.

THE DRIVE-THRU ART MUSEUM- SAILA
970 AL-169, Seale, AL 36875
www.museumofwonder.com
In the tiny town of Seale, Alabama, there is a roadside attraction that doesn't require getting out of your car. It is a drive thru, but not the usual kind: It's not for burgers and fries, there's no ATM machine, and you can't drop off your dry cleaning. It's billed as the world's first drive thru art and antiques gallery. Created by artist and collector Butch Anthony in 2014, the Drive-Thru is an offspring of his Museum of Wonder, and was built to help connect the crowds who show up at the museum. The Drive-Thru Museum is made from stacked shipping containers, with windows cut into the sides to reveal a myriad of items collected or created by Anthony. It's a short drive to get through the whole collection, but each piece will make you hit the brakes. There's the two-headed ducking, a large galloween, attached to a poem (he calls "interwovenism"), drawings of skeletons and bones superimposed on old photographic portraits, and found objects mixed with taxidermy animals. Take as much time as you need.
